

LIFE GROUPS

LIFE stands for Life in a Family Environment. LIFE Groups are the way we gather during the week to eat together, play together, pray for one another, and share life together. These small communities are formed with 10-15 people loving and supporting each other in practical ways. As we live and work in proximity to each other, we are able to partner in the mission to live the life God dreams for us as we spread His love in ever-widening circles.

GROUP TYPES

Each group is intimately connected to a broader movement of what God is doing through support, coaching, and resources from The Life Christian Church.
